❓ Clarification questions

- Your proposal states 'All taxes included' in the pricing table but later states 'GST extra as applicable per standard invoicing practices.' Please clarify definitively whether the grand total of ₹2,44,26,000 is inclusive or exclusive of GST.
- You propose a 6-month

engagement period for social content creation (LI-4), paid media planning (LI-5), and paid media buying (LI-6), while the RFQ specifies a 3-month campaign window (September-November 2024). Please confirm whether you can deliver these line items within the 3-month timeframe specified in the RFQ, and provide revised pricing if the 6-month duration is integral to your quoted prices.

- Please provide a detailed project timeline with milestone dates demonstrating how you will meet the campaign-ready deadline of 25-August-2024 and support the launch window of 01-15 September 2024.

- The agency fee for LI-6 is quoted as $18,000 USD. The RFQ requires all pricing in Indian Rupees (INR). Please convert this fee to INR and confirm the exchange rate used.

- Please provide your General Liability Insurance certificate with minimum coverage of INR 1 crore as required by compliance requirement C4. Only Professional Indemnity Insurance was included in your proposal.

- Please provide your GSTIN (GST registration number) and PAN details as required by compliance requirement C10.

- Please confirm your position on intellectual property rights ownership. The RFQ requires that all IP rights for original creative work will be owned by NutriKid Beverages Pvt. Ltd. (C6). This was not addressed in your proposal.

- Please describe your processes and commitments regarding compliance with the Child and Adolescent Labour (Prohibition and Regulation) Act, 1986 when working with child talent, as required by C7.

- You state that ASCI compliance team has 'managed dozens of campaigns requiring ASCI pre-clearance.' Please provide at least two specific examples with campaign names, brands, dates, and outcomes of ASCI pre-clearance process.

- Your Integrated Creative Retainer bundles LI-1 and LI-2 for ₹48,00,000. The RFQ requires itemized pricing for each line item separately. Please provide a breakdown showing the

allocated cost for LI-1 (Strategy and Creative Development) and LI-2 (TVC Development) individually.

- What is your rate for additional shoot days beyond the assumed 2-day TVC production shoot?
- Please provide CVs or detailed profiles for the proposed team members as referenced in 'Annexure A' (these were not included in the submitted proposal).
- Please provide the Professional Indemnity Insurance certificate referenced as 'Annexure B' (this was not included in the submitted proposal).
- You reference a 'proprietary BrandPulse dashboard' for analytics. Please provide technical specifications, sample screenshots, or a demonstration of this tool's capabilities.
- For the two client references provided (HealthyGro Foods Limited and Wellness Nutrition Corp), the phone numbers are partially redacted. Please provide complete contact information including full phone numbers.
